

1. Lithium hydroxide blending solution tank 2. blending solution pump 3. crystallization external cooler 4. crystallizer 5. crystallization circulation pump 6. crystallization discharge pump 7. high-level tank 8. primary centrifuge 9. mother liquor tank
10. mother liquor pump 11. slurry pump 12. secondary centrifugal slurry tank 13. secondary centrifuge 14. frozen clear liquid tank 15. frozen clear liquid pump 16. primary evaporation heater 17. primary evaporation crystallizer 18. primary evaporation demister
19. primary evaporation compressor 20. primary evaporation circulation pump 21. primary evaporation discharge pump 22. primary evaporation mother liquor pump 23. primary evaporation spray pump 24. primary evaporation centrifuge
25. primary evaporation mother liquor tank 26. Re dissolution tank 27. re dissolution liquid pump 28. secondary evaporation heater 29. secondary evaporation crystallizer 30. secondary evaporation demister 31. secondary evaporation compressor
32. secondary evaporation circulation pump 33. Secondary evaporation discharge pump 34. secondary evaporation mother liquor pump 35. secondary evaporation spray pump 36. secondary evaporation centrifuge 37. Secondary evaporation mother liquor tank
